Hotels on the Island of Krk
Hereby we are inviting you to the island of Krk, the largest Croatian island, a Mediterranean island that is closest to the mid-European mainland, the island you can reach quickly and simply by car or by plane because it is connected to the mainland by a 1.5 km long bridge. In the vicinity of the bridge on the island is the airport Rijeka (www.rijeka-airport.hr).

If for your vacation or business trip you choose one of the large, medium or small family hotels on our island, you will experience the traditional hospitality of your hosts and all islanders.

The island of utmost natural beauty, rich history, traditional and contemporary gastronomy will definitely thrill you, whether you are a first-time visitor or a frequent guest. Your every arrival to the island of Krk will surely reveal a new little island secret.

On our island you will find many trails of Croatian history and you can “walk” through ancient times, middle ages, you can revive and experience the reign of Krk dukes Frankopans. The Bašćanska tablet will take you back to the beginnings of Croatian literacy and culture. Following those old documents there are many more of more recent date, but not less important.

Kilometers of well-ordered walking and cycling paths will take you to the less-known central part of the island. You will experience the real sense of past times in the restaurants and taverns tasting local cured ham and cheese, always fresh fish and seafood, top quality olive oil and wine from island olive groves and vineyards.

The island with more than a hundred-year-long tourist tradition, the island of the sea and the sun is calling you. Here, you will find harmony among the thousand-year-long history, tradition and modern life. Whatever we have on this “golden” island, we will gladly share with you.
